What would you tell someone who is thinking about moving to Overton?

I would tell them about the top notch school and Overton's three churches. There are a lot of activities in which a family can get involved.

If you could have one wish for Overton, what would it be?

I would love to see more housing to get younger families to move here.

Why did you choose Overton Area Community Fund to give so much of your time?

I was asked to join. I have been a member since the beginning and belong to the Founder's Club. I want to give my time and effort to improve the Overton community and all of the challenges it faces.

What is the best thing about living in Overton?

Paul [my husband] retired in 1990 and we bought and moved to an acreage just on the outskirts of Overton. We had a great church and were involved with many things in the community.

What was the most important factor in your decision to move to Overton?

Paul, our family (five children 10–14 years old), and I moved to a ranch north of Overton for employment on the Gene Marshall Ranch. Our decision in moving here was rooted in finding a good school for the education of our family and good employment.

For you personally, what has been the most valuable part about moving to Overton?

Paul's job and school made the decision right. For me, being able to get employment in the surrounding area. Having a great church and community in which we found many awesome friends.

Any surprises?

There were some surprises along the way, but you just pick yourself up and move on. If we didn't have surprises or bumps in the road, we would not grow in our faith.

Overton Area Community Fund is an affiliated fund of Nebraska Community Foundation.
