What is the best thing about living in Overton?

The best thing about living in Overton is the feeling of community. Where neighbors are friends and care about the wellbeing of those around them.

For you personally, what has been the most valuable part of living in Overton?

The most valuable part of living in Overton is the ability to live, work, and raise a family, all within the community.

Any surprises?

No!

What would you tell someone who is thinking about moving to Overton?

I would tell someone who is thinking about moving to Overton to come join us. You'll love it. The sooner you move here the faster you can start living the "good life."

If you could have one wish for Overton, what would it be?

My wish for Overton is to grow its population.

Why did you choose Overton Area Community Fund to give so much of your time?

I chose to be part of the Overton Area Community Fund so I could be part of the discussion on what our community desires, how to put dreams into action and how—together, by all contributing a little—we can collaborate and strengthen our community.

Overton Area Community Fund is an affiliated fund of Nebraska Community Foundation.
