# GIVING BACK TO THE FUTURE

Formed in 1999, the VCCFF is dedicated to investing in a vibrant future for our county-wide community by:

- Building local endowments, (permanent community savings accounts) to ensure financial resources are available to meet our current needs and pursue future opportunities
- Connecting through progressive partnerships
- Empowering and engaging youth through educational opportunities
- Attracting alumni and new people to our hometowns
- Enhancing leadership capacity...fostering entrepreneurship development...and nurturing a culture of giving

## Our Vision

The Valley County Community Foundation Fund embraces a culture of collaboration, growth and opportunity where families are able to enjoy an exceptional quality of life in a healthy and safe environment.

## The Power of Endowments

*Ensures Unlimited Possibilities for Future Generations*

The VCCFF unrestricted endowment is a powerful, permanent legacy. It will have a lasting impact in Valley County beyond current generations. Gifts to an endowment not only last forever, they increase in size. The principal of the endowment will remain intact forever, while VCCFF grants earnings from investment returns to support worthy projects throughout Valley County.

As one Fund donor describes it, "Giving to an endowment is like contributing to an insurance policy for the future of our community."

By contributing to the endowment, a donor will help the community address pressing issues as they arise and capitalize on opportunities for community growth and improvement as they occur.

## Endowments Grow Over Time

A \$100,00 endowment will grow over twenty years to a fund balance of \$180,611 generating up to \$120,916 in cumulative grants.

Based on the following assumptions:

- 7.5% return (net of fees)
- With a 4.5% annual endowment payout.
- Asset allocation: 75% equities, 25% fixed income
