### Wymore-Blue Springs Area Fund Advisory Committee

May 2016

Dear Alumni of the Wymore and Blue Springs Area,

Janice Cohorst  
Chair

I'm hoping this letter finds you excited to hear about what is going on at "home"! Have you been home lately? If you have, you know we need your help. You are receiving this letter because we know our area has a place in your heart. You were raised here, went to school here, swam at the swimming pool and then if you were lucky, stopped by for some Snyder's ice cream on the way home. You remember walking the streets of downtown hoping to find your number in the storefront windows at the Treasure Hunt. You might have been lucky to fish off of the Holmesville Dam or the Blue Springs Dam, and in the summer ride the carnival rides in Barneston.

Dale Crawford  
Vice-Chair

Angelia Allen  
Treasurer

The fond memories of our pasts are being met today by some glaring concerns in our beloved communities. It is time to change that reality. A growing group of committed residents has been working hard to mobilize resources to improve the Wymore-Blue Springs area. They've already accomplished some projects, but have a much larger vision in store.

Katey Vrtiska  
Secretary

Glennis McClure

We are writing you now to ask for your kind support as we work to revitalize the Wymore-Blue Springs area. Will you consider how you might help? If you choose, your generous financial gift can be earmarked to the Wymore-Blue Springs Area Fund in three ways: Endowment, General Fund, or Park Improvement Account. Any other resources or estate planning support you would like to contribute would also be welcomed. Additionally, time or services that you might be willing to donate to assist the community in achieving their goals would be appreciated too. Could you please return the enclosed contribution form to indicate how you might help?

We all love our hometown. We've perhaps been a bit neglectful, but starting today, we're all planning for that to change. We all want to say with pride.... "There's no place like home." With your help, that can be true for the Wymore-Blue Springs area.
