Red Cloud 2020: Building a Vision for a Better Future

November 25, 2019

Name

Address

City, State ZIP

Dear {Salutation},

Your contributions to the Red Cloud Community Foundation Fund have created a brighter future for our hometown. As our fund prepares to enter its 25th year of existence in 2020, we can look back on many great accomplishments, ranging from smaller scale projects like our scholarship funds and park improvements to huge endeavors like creation of The Valley Child Development Center and the progressing Hotel Garber project. Realizing the vision behind these projects is possible in large part due to your assistance. On behalf of our entire committee, thank you.

We know that Red Cloud is a great place to live, work, and visit. We also believe that Red Cloud has the potential to be one of the best small towns in America. By making a tax deductible donation of cash, agricultural commodities, stock, or a qualified charitable distribution from your IRA, you can help us realize our visions of an even better future for Red Cloud.

You can help make our dreams for Red Cloud come true. In the last month, we launched our latest round of community visioning sessions at Red Cloud High School, gathering input from students about what they would like to see in our community and what might encourage them to one day come home. We continued those visioning conversations with an event for the entire community. There is broad interest in recreational trails, a movie theatre, a fitness facility, downtown revitalization, and much more. We need your support as much as ever if we're going to make these things happen.

Those of us who live in or are from the Red Cloud area know the value of our community and the quality of life that we enjoy today. It is a special place. Our forbearers built this town and maintained it; now it is our duty to keep it growing and progressing. With your help, we will make it happen.

Sincerely,

Ashley Olson
